SUPERIOR COURT OF THE STATE OF CALIFORNIA

COUNTY OF SAN JOAQUIN

BRENDAN NGWA NFORBI, Plaintiff, v. **DIAMOND TRUCK SALES, INC., a California corporation; ALPINE TRUCK SALES, INC., a California corporation; and DOES 1 through 20, inclusive,** Defendants.	Case No. STK-CV-UF-2026-0001094 **DECLARATION OF BRENDAN NGWA NFORBI IN SUPPORT OF REQUEST FOR DEFAULT JUDGMENT BY COURT** *(Cal. Rules of Court, rule 3.1800; Code Civ. Proc. section 585(b))* Assigned to: Hon. Waters, Dept. 11B CMC: August 12, 2026 *[Date Executed: June 15, 2026]*

DECLARATION OF BRENDAN NGWA NFORBI

IN SUPPORT OF REQUEST FOR DEFAULT JUDGMENT BY COURT

(Cal. Rules of Court, rule 3.1800)

I, BRENDAN NGWA NFORBI, declare:

I. PRELIMINARY STATEMENT

1. I am the Plaintiff in the above-entitled action and am over eighteen years of age. The matters set forth herein are within my personal knowledge unless stated on information and belief, and if called as a witness, I could and would competently testify to them. I submit this

Declaration in support of my Request for Entry of Default Judgment by the Court (Judicial Council Form CIV-100) against Defendant DIAMOND TRUCK SALES, INC. ("Diamond"), pursuant to Code of Civil Procedure section 585, subdivision (b), and California Rules of Court, rule 3.1800.

2. This Declaration is submitted together with the following companion documents constituting my prove-up package: (a) Plaintiff's Request for Entry of Default Judgment (Form CIV-100); (b) Plaintiff's Memorandum of Costs (Form MC-010); (c) Plaintiff's Declaration of Nonmilitary Service; (d) Plaintiff's [Proposed] Judgment by Court After Default (Form JUD-100); and (e) the documentary exhibits referenced herein and listed in Section XIII below.

II. PROCEDURAL POSTURE

3. The operative pleading in this action is the First Amended Complaint ("FAC"), which asserts eight causes of action against Defendant Diamond: (1) Fraudulent Concealment; (2) Intentional Misrepresentation; (3) Negligent Misrepresentation; (4) Breach of Contract; (5) Breach of Implied Warranty of Merchantability (Cal. Comm. Code section 2314); (6) Violation of the Unfair Competition Law (Bus. & Prof. Code section 17200 et seq.); (7) Rescission and Restitution; and (8) Declaratory Relief.

4. The FAC was personally served on Diamond on May 12, 2026, and the Proof of Service was filed with this Court on May 18, 2026. Diamond's deadline to respond to the FAC expired on June 11, 2026. Diamond filed no responsive pleading, demurrer, or other appearance. I have submitted a Request for Entry of Default (Form CIV-100) against Diamond, and the Court has entered, or will shortly enter, Diamond's default as reflected in the Court's file.

5. Because Diamond has defaulted, the well-pleaded factual allegations of the FAC concerning liability are deemed admitted. (*Steven M. Garber & Assocs. v. Eskandarian* (2007)

150 Cal.App.4th 813, 823; *Kim v. Westmoore Partners, Inc.* (2011) 201 Cal.App.4th 267, 281.) The well-pleaded allegations include, without limitation: that Diamond knowingly sold to me a 2014 Volvo VNL diesel semi-truck (VIN 4V4NC9EH6EN142206) that suffered from an undisclosed and material defect in its Diesel Exhaust Fluid ("DEF") and Selective Catalytic Reduction ("SCR") emissions systems; that the defect rendered the truck non-compliant with California emissions law and unsafe for highway operation; that Diamond had pre-sale knowledge of the defect and concealed it; and that Diamond's conduct was intentional, malicious, fraudulent, and oppressive within the meaning of Civil Code section 3294.

6. This Declaration addresses only the amount and proof of damages. I have made no effort to relitigate liability, which is deemed established by the defaults.

III. THE TRANSACTION AND THE FAILURE

7. On April 4, 2023, I purchased the subject truck (2014 Volvo VNL, VIN 4V4NC9EH6EN142206) from Diamond. The transaction was documented by a Retail Buyer's Order reflecting a Cash Price of $26,900.00 and Total Charges of $27,092.75 after document and title fees. A true and correct copy of the Retail Buyer's Order is attached as **Exhibit 1**.

8. I paid Diamond a deposit of **$12,345.10** by certified funds at the time of sale. This amount appears in the "DEPOSIT" line and is reflected in the "TOTAL CREDITS" line of the Retail Buyer's Order (Exh. 1, p. 1).

9. The remaining balance of $14,747.65 was financed through a third-party lender, Dakota Financial LLC, which was selected, arranged, or facilitated by Diamond in connection with the sale.

10. In connection with titling the truck I was billed by the California Department of Motor

Vehicles in the amount of **$3,442.00** for use tax, weight, transfer, and related fees required to complete registration. The California DMV "Generated Fees" printout dated May 8, 2023 reflects Total Fees Due of $3,442.00. I have not yet paid this amount because the truck failed before registration could be completed, leaving me with an outstanding DMV obligation that continues to accrue penalties. The California DMV "Generated Fees" printout and the corresponding DMV Report of Deposit of Fees and Application materials are attached as **Exhibit 2**. I include this amount in my damages because it is a real, documented financial obligation owed to the State of California as a direct consequence of Diamond's sale to me of a defective and non-compliant truck.

11. In connection with the sale Diamond also enrolled me in a GAP product, for which I was charged **$1,895.00** under a separate GAP Addendum. A true and correct copy of the GAP Addendum is attached as **Exhibit 3**.

12. I purchased the truck specifically to use it in commercial freight service under my own owner-operator authority. On April 27, 2023, twenty-three days after purchase, I executed a Lease-On Owner Operator Agreement with Gobbato Builders, LLC (MC #1357325) under which I would haul freight for compensation paid weekly by Friday settlement. The Lease-On Agreement specifically identifies my truck by VIN. A true and correct copy of the Lease-On Owner Operator Agreement is attached as **Exhibit 4**. On the same day, April 27, 2023, my Amazon Relay driver account was activated, providing me with access to dispatch hauling loads through the Amazon Relay platform. A true and correct copy of the Amazon Relay driver setup verification, bearing my signature and the platform's digital verification code of April 27, 2023 9:22 AM PDT, is attached as **Exhibit 5**.

13. Within days of beginning operations the truck experienced exactly the failure mode characteristic of the DEF/SCR defect alleged in the FAC: it entered engine derate ("limp mode"), emitted excessive black smoke, lost power, and became incapable of exceeding approximately 35

miles per hour. The truck was thereby rendered commercially unusable and unsafe for highway operation. Despite my repeated attempts to repair it (described in Sections IV and V below), the truck never returned to lawful commercial service.

IV. DOCUMENTED ECONOMIC LOSSES AND OUTSTANDING OBLIGATIONS

14. I have incurred the following documented economic losses and obligations, each of which flows directly from Diamond's wrongful conduct as alleged in the FAC. Items (a), (b), and (d) through (g) represent cash payments made from my own funds; item (c) represents an outstanding DMV obligation billed to me in connection with the transaction and not yet paid, as described in paragraph 10 above. Itemization:

(a) 04/04/2023 -- Diamond deposit (Retail Buyer's Order) . . . . . $12,345.10 (Exh. 1)

(b) 05/04/2023 -- GAP Addendum enrollment . . . . . $1,895.00 (Exh. 3)

(c) 05/08/2023 -- California DMV fees (billed; outstanding) . . . . . $3,442.00 (Exh. 2)

(d) 04/28/2023 -- Brannon Tire (emergency tire/road service) . . . . . $1,197.34 (Exh. 6)

(e) 05/21/2023 -- Mobile Will's Truck/Auto Repair Shop . . . . . $740.00 (Exh. 7)

(f) 05/26/2023 -- Golden Empire Towing, Inc. . . . . $562.50 (Exh. 8)

(g) 06/23/2023 -- Western Truck Center (lamp/parts) . . . . . $36.71 (Exh. 9)

SUBTOTAL -- DOCUMENTED ECONOMIC LOSSES: **$20,218.65**

15. Each of Exhibits 1, 2, 3, 6, 7, 8, and 9 is a true and correct copy of the contemporaneous record of the corresponding charge or obligation. None of these losses would have been incurred but for Diamond's sale to me of the defective and non-compliant truck. With respect to item (c), the $3,442.00 DMV obligation is fully documented by Exhibit 2, remains outstanding, and continues to accrue penalties -- making it an ongoing and expanding consequence of the transaction.

V. ADDITIONAL OUT-OF-POCKET LOSSES -- NO CONTEMPORANEOUS RECEIPT

16. In addition to the documented charges set forth above, I personally paid in cash, from my own funds, two further amounts for emergency services performed on the truck. Although I did not retain itemized written receipts -- despite having requested them at the time -- these payments are facts within my direct personal knowledge, and the surrounding contemporaneous record corroborates that the truck was in storage, released, transported, and delivered for repair during this period:

(a) **Commercial Towing storage-release fee -- $750.00.** On or about May 23, 2023, the truck was towed and stored under California Vehicle Code section 22852 by Commercial Towing, located at 2609 Texas Street, Bakersfield, California. The contemporaneous Notice of Stored Vehicle issued under Vehicle Code section 22852 is attached as **Exhibit 10**. I paid Commercial Towing $750.00 in cash to release the truck. I requested a written receipt but the operator did not provide one.

(b) **Almaraz Diesel repair -- $5,000.00.** After the truck was released from Commercial Towing, Golden Empire Towing transported it (under the invoice constituting Exh. 8) to Almaraz Diesel, which at that time was operating out of Diamond's Bakersfield, California location. Almaraz Diesel performed diagnostic and repair work on the DEF/SCR system. I paid approximately $5,000.00 for that work. I did not receive an itemized written receipt.

17. The two undocumented amounts above total $5,750.00. I respectfully request that the Court consider them on the basis of my sworn testimony, in light of the corroborating documentary evidence -- specifically, the contemporaneous CVC section 22852 Notice (Exh. 10) and the Golden Empire Towing invoice (Exh. 8), which together establish the chain of custody

between the storage release and Almaraz Diesel. To the extent the Court declines to award the undocumented amounts, my documented out-of-pocket subtotal of $20,218.65 (Section IV above) is fully supported by Exhibits 1, 2, 3, 6, 7, 8, and 9.

VI. LOST COMMERCIAL INCOME

18. Because of the truck's failure I was unable to perform under the Lease-On Owner Operator Agreement with Gobbato Builders, LLC (Exh. 4), and I was unable to dispatch any meaningful number of loads through the Amazon Relay platform (Exh. 5). The truck was operational for only a matter of days before catastrophic failure. By late May 2023 it had been towed and stored under Vehicle Code section 22852. By June 23, 2023 the final attempted repair (the Western Truck Center lamp work, Exh. 9) had failed to restore commercial operability. The truck was thereafter rendered permanently commercially unusable.

19. Under the Lease-On Agreement with Gobbato Builders, LLC (Exh. 4, paragraph III), I was set up to operate at a 10% lease-on fee -- meaning I would have netted approximately 90% of gross load revenue, less fuel, insurance, and incidental expenses. Based on prevailing rates on the Amazon Relay platform in 2023 and my reasonable expectations at the time the FAC was filed, I had projected and pleaded approximately $1,800 in net weekly earnings had the truck been operational. (FAC, paragraph 31.)

20. For purposes of this prove-up, and recognizing that I do not have month-by-month settlement statements documenting every load I would have hauled, I respectfully request lost commercial income on a deliberately conservative basis:

Weeks of lost operation (conservative -- May through Sept. 2023) . . . . . 18 weeks

Conservative weekly net (well below $1,800 pleaded in FAC paragraph 31) $1,300/week

SUBTOTAL -- LOST COMMERCIAL INCOME (18 x $1,300): $23,400.00

21. The $23,400.00 figure is approximately one half of the lower bound of lost income I pleaded in the FAC at paragraph 31, which alleged "lost net commercial income of not less than approximately $46,800 to date, with continuing losses according to proof at trial." I have deliberately requested only a conservative fraction of the lost income I sustained, in recognition of the prove-up evidentiary posture and the absence of weekly settlement statements in my possession.

VII. RESCISSION, RESTITUTION, AND DECLARATORY RELIEF

22. I gave notice of rescission within the FAC itself, as permitted by Civil Code sections 1691 and 1693. The truck has been irrecoverably damaged by the underlying defect and the storage process. Restoration of the truck to its original condition is impossible and is therefore excused under Civil Code section 1693, and this Court is authorized to adjust the equities between the parties under that statute.

23. The $14,747.65 financed balance was originated through Dakota Financial LLC, which is not a party to this action. I do not seek in this Declaration a money judgment in the amount of the financed balance itself, because that obligation is between me and a non-party lender and recovering it from Diamond would risk a double recovery if I later resolve the financing separately.

24. I reserve the right, after entry of judgment, to seek a separate determination of any indemnification or further restitution remedy as to the financed balance if and as appropriate under Civil Code section 1693 and the Court's continuing equitable jurisdiction over the rescission count.

25. **Specific Judgment Findings Requested.** In addition to the monetary relief itemized in Sections IV through VIII of this Declaration, I respectfully request that the Court's Judgment include the following findings and declarations. Each falls squarely within the scope of the FAC's Seventh Cause of Action (Rescission and Restitution) and Eighth Cause of Action (Declaratory Relief), and each is supported by well-pleaded allegations of the FAC that are deemed admitted by Diamond's default:

(a) That the April 4, 2023 purchase transaction between Plaintiff and Diamond Truck Sales, Inc. -- including the Retail Buyer's Order (Exh. 1) and the GAP Addendum (Exh. 3) -- is rescinded pursuant to Civil Code section 1689, subdivision (b), and is of no further force or effect as between Plaintiff and Diamond, so that Diamond may not enforce any term of, or claim any continuing benefit under, that transaction.

(b) That Diamond's conduct in connection with the sale of the subject truck constituted unlawful, unfair, and fraudulent business acts and practices within the meaning of California Business and Professions Code section 17200 et seq., as pleaded in the FAC's Sixth Cause of Action.

VIII. PREJUDGMENT INTEREST

26. The documented out-of-pocket losses set forth in Section IV are liquidated and certain, or capable of being made certain by calculation, and the right to recover them vested on the dates each charge was incurred. I am therefore entitled to prejudgment interest on those amounts at the legal rate of seven percent (7%) per annum (Cal. Const., art. XV, section 1) from the date of loss to the date of judgment, pursuant to Civil Code section 3287, subdivision (a). (See *North Oakland Medical Clinic v. Rogers* (1998) 65 Cal.App.4th 824, 828-830.)

27. For purposes of this prove-up I have computed prejudgment interest using a single,

conservative weighted-average start date of June 1, 2023 (which is the approximate midpoint of the dates on which the documented charges in Section IV were incurred, from April 4, 2023 through June 23, 2023), applied to the $20,218.65 documented out-of-pocket subtotal:

$20,218.65 x 7% x approx. 3.04 years (06/01/2023 to 06/15/2026): $4,302.55

28. I have not sought prejudgment interest on the lost-income component in Section VI, because lost income is not liquidated within the meaning of Civil Code section 3287, subdivision (a).

IX. PUNITIVE DAMAGES

29. The FAC pleads, and Diamond's default admits, that Diamond's conduct was intentional, malicious, fraudulent, and oppressive within the meaning of Civil Code section 3294. (FAC, paragraph 47.) Punitive damages are accordingly available on the First Cause of Action (Fraudulent Concealment) and the Second Cause of Action (Intentional Misrepresentation), and the well-pleaded factual allegations supporting that conduct are now deemed established for purposes of this prove-up.

30. I respectfully request that the Court award punitive damages in an amount the Court finds just, reasonable, and constitutionally appropriate under *State Farm Mut. Auto. Ins. Co. v. Campbell* (2003) 538 U.S. 408, and in no event less than **$25,000.00**. That figure is supported by Diamond's admitted fraudulent concealment and intentional misrepresentation, the multi-jurisdictional commercial scale of Diamond's operations alleged in FAC paragraph 7, and the post-filing rebrand from Diamond Truck Sales, Inc. to Alpine Truck Sales, Inc. alleged in the FAC as a badge of consciousness of liability and fraudulent intent. The requested $25,000.00 figure is also well below a 1:1 ratio with the compensatory damages requested in this Declaration,

and is well within the single-digit constitutional ceiling articulated by the United States Supreme Court.

X. COSTS

31. I am filing concurrently with this Declaration a Memorandum of Costs (Judicial Council Form MC-010) itemizing my recoverable filing fees, sheriff's service fees, and other costs of suit under Code of Civil Procedure section 1033.5. The total of those costs will be reflected on the MC-010 and incorporated into the Court's Judgment.

XI. SUMMARY OF JUDGMENT REQUESTED

32. Based on the foregoing, I respectfully request entry of Default Judgment by the Court against Defendant Diamond Truck Sales, Inc. in the amount of **$53,671.20** in compensatory relief, **punitive damages of not less than $25,000.00**, plus costs as itemized in the concurrently-filed Memorandum of Costs -- for a total monetary judgment of **not less than $78,671.20, plus costs** -- together with the non-monetary findings and declarations specified in Section VII above. The components of the requested judgment are as follows:

Documented out-of-pocket losses (Section IV; Exhs. 1-3, 6-9)	$20,218.65
Undocumented out-of-pocket, by sworn testimony (Section V; Exhs. 8, 10) . .	$5,750.00
Lost commercial income, conservative (Section VI; Exhs. 4-5)	$23,400.00
Prejudgment interest, Civ. Code section 3287(a) (Section VIII)	$4,302.55
SUBTOTAL -- COMPENSATORY:	**$53,671.20**
Punitive damages (Section IX) -- not less than	$25,000.00
TOTAL MONETARY JUDGMENT REQUESTED -- not less than: . . .	**$78,671.20**
Costs of suit (Section X; per Form MC-010)	per Memorandum

33. The amounts requested are within the scope of the prayer for relief in the FAC and do not exceed the dollar-amount notice given to Diamond by the body of the FAC, as required by Code of Civil Procedure section 580 and *Greenup v. Rodman* (1986) 42 Cal.3d 822. Specifically: the out-of-pocket itemization in FAC paragraph 29 totals $25,129.44 (covering items (a) through (g) of that paragraph), and FAC paragraph 31 pleads lost commercial income "of not less than approximately $46,800 to date, with continuing losses" -- both substantially exceeding the conservative figures I request here.

34. To the extent any of the figures stated in this Declaration differ from the preliminary estimates pleaded in the FAC, this Declaration provides the more precise and current calculation based on the documentary records and sworn testimony assembled for prove-up. I seek only those amounts that are supported by the attached exhibits or by sworn testimony based on personal knowledge, and the conservative figures in Sections IV through VIII of this Declaration are at or below the amounts pleaded in the FAC.

I, the purchaser named above, claim an exemption from payment of sales and use taxes (for the purchase of taxable items described below or on the attached order or invoice) from:

Seller: Diamond Truck Sales Inc TX

2014 VOLVO VNL 64T630, VIN: 4V4NC9EH6EN142206, COLOR: RED, STOCK NO.: F01278

Purchaser claims this exemption for the following reason:

IRP registration. This purchase is being made for use in interstate commerce as a semi-truck for freight delivery services. The vehicle will be used exclusively for interstate commerce and will not be used in California for intrastate commerce. Therefore, the purchase is exempt from Texas state and sales use tax under Texas Tax Code Section 151.316(a)(1) and 151.318(a)(1)(A).

I understand that I will be liable for payment of all state and local sales or use taxes which may become due for failure to comply with the provisions of the Tax Code and/or all applicable law.

I understand that it is a criminal offense to give an exemption certificate to the seller for taxable items that I know, at the time of purchase, will be used in a manner other than that expressed in this certificate, and depending on the amount of tax evaded, the offense may range from a Class C misdemeanor to a felony of the second degree.

I hereby request a Certificate of Use Tax Clearance to allow completion of registration at DMV/HCD without payment of the California use tax for the following reason:

The semi truck vehicle was purchased outside of California and will be used exclusively for interstate freight delivery services. As such, it is not subject to California's use tax which only applies to intrastate use. The relevant tax code cited is California Revenue and Taxation Code Section 6245, which exempts vehicles used exclusively in interstate commerce from California's use tax.

I have attached several documents that support my request, including a signed Lease-On Agreement and a Truck Lease Contract with Gobbato Builders, LLC, and additional documentation that demonstrates my intent to use the vehicle for interstate commerce, including delivery orders from the Amazon Relay load board.

I understand the importance of complying with California tax laws and the responsibility of all taxpayers to pay their fair share. However, I believe that this request is fully compliant with California law and reflects a standard process for out-of-state purchasers using their vehicles exclusively for interstate commerce.

I hope that the CDTFA will recognize the legitimacy of my request and approve the Certificate of Use Tax Clearance. This would enable me to complete the registration process at DMV/HCD without paying unnecessary use tax on this vehicle. Thank you for your consideration and attention to this matter.

I hereby certify that the above statements, to the best of my knowledge and belief, are true and correct.
