Answering Party: HOPE PSYCHOTHERAPY, INC., d/b/a HOPE PROGRAM

Set No.: ONE (1)

CASE NUMBER:
STK-CV-UF-2026-1032

Sec. 1. Instructions to All Parties

(a) Interrogatories are written questions prepared by a party to an action that are sent to any other party in the action to be answered under oath. The interrogatories below are form interrogatories approved for use in civil cases.

(b) For time limitations, requirements for service on other parties, and other details, see Code of Civil Procedure sections 2030.010–2030.410 and the cases construing those sections.

(c) These form interrogatories do not change existing law relating to interrogatories nor do they affect an answering party's right to assert any privilege or make any objection.

Sec. 2. Instructions to the Asking Party

(a) These interrogatories are designed for optional use by parties in unlimited civil cases where the amount demanded exceeds $35,000. Separate interrogatories, *Form Interrogatories—Limited Civil Cases (Economic Litigation)* (form DISC-004), which have no subparts, are designed for use in limited civil cases where the amount demanded is $35,000 or less; however, those interrogatories may also be used in unlimited civil cases.

(b) Check the box next to each interrogatory that you want the answering party to answer. Use care in choosing those interrogatories that are applicable to the case.

(c) You may insert your own definition of **INCIDENT** in Section 4, but only where the action arises from a course of conduct or a series of events occurring over a period of time.

(d) The interrogatories in section 16.0, Defendant's Contentions–Personal Injury, should not be used until the defendant has had a reasonable opportunity to conduct an investigation or discovery of plaintiff's injuries and damages.

(e) Additional interrogatories may be attached.

Sec. 3. Instructions to the Answering Party

(a) An answer or other appropriate response must be given to each interrogatory checked by the asking party.

(b) As a general rule, within 30 days after you are served with these interrogatories, you must serve your responses on the asking party and serve copies of your responses on all other parties to the action who have appeared. See Code of Civil Procedure sections 2030.260–2030.270 for details.

(c) Each answer must be as complete and straightforward as the information reasonably available to you, including the information possessed by your attorneys or agents, permits. If an interrogatory cannot be answered completely, answer it to the extent possible.

(d) If you do not have enough personal knowledge to fully answer an interrogatory, say so, but make a reasonable and good faith effort to get the information by asking other persons or organizations, unless the information is equally available to the asking party.

(e) Whenever an interrogatory may be answered by referring to a document, the document may be attached as an exhibit to the response and referred to in the response. If the document has more than one page, refer to the page and section where the answer to the interrogatory can be found.

(f) Whenever an address and telephone number for the same person are requested in more than one interrogatory, you are required to furnish them in answering only the first interrogatory asking for that information.

(g) If you are asserting a privilege or making an objection to an interrogatory, you must specifically assert the privilege or state the objection in your written response.

(h) Your answers to these interrogatories must be verified, dated, and signed. You may wish to use the following form at the end of your answers:

I declare under penalty of perjury under the laws of the State of California that the foregoing answers are true and correct.

treatment-completion determinations for parolees following: (a) the March 20, 2023 DWYER order; or (b) the April 17, 2025 effective date of 15 C.C.R. section 3574(f)(1). For each modification, IDENTIFY the date, the responsible PERSON(s), and all DOCUMENTS reflecting the change.

(This interrogatory is propounded in light of the position taken by HOPE staff member Janelle Aldana on May 4, 2026, that PLAINTIFF must request his own records through Parole Agent Long Moua rather than directly from HOPE.)

D. HOMEWORK RECORDKEEPING

SPECIAL INTERROGATORY NO. 18:

Describe in detail the procedure used by HOPE during the RELEVANT PERIOD to receive, log, scan, store, retain, and retrieve homework packets submitted by parolees at the STOCKTON FACILITY, including the name and version of any software, database, or physical filing system used.

Plaintiff, In Pro Per

DECLARATION OF NECESSITY

(Code Civ. Proc., § 2030.040)

I, BRENDAN NGEHSI NEWANFORBI, declare:

1. I am the Plaintiff in this action and am appearing in pro per. I have personal knowledge of the matters stated herein and, if called as a witness, could and would competently testify thereto.

2. This Declaration is submitted pursuant to Code of Civil Procedure section 2030.040 in support of Plaintiff's Special Interrogatories, Set One, propounded on Defendant HOPE PSYCHOTHERAPY, INC. The number of specially prepared interrogatories included in Set One exceeds thirty-five (35). I hereby declare under oath that the additional interrogatories are warranted under Code of Civil Procedure section 2030.040(a)(2) because of the complexity or quantity of the existing and potential issues in this case, and on the additional grounds set forth below.

3. **Number and complexity of issues.** The operative First Amended Complaint pleads seven causes of action: (i) Fraud / Intentional Misrepresentation; (ii) Negligence and Negligence Per Se; (iii) Intentional Infliction of Emotional Distress; (iv) Intentional Interference with Prospective Economic Advantage; (v) Violation of the Bane Act (Civil Code section 52.1); (vi) Declaratory Relief; and (vii) Violation of the Unfair Competition Law (Business and Professions Code section 17200). Each cause of action has multiple distinct elements that must be pleaded and proved, and several of those elements turn on facts uniquely within Defendants' possession (including the existence and operation of HOPE's blanket retention policy, the structure of HOPE's contractual and financial arrangements with CDCR/DAPO, and the contents of HOPE's internal communications regarding the In re Dwyer decision and the April 17, 2025 amendments

to 15 C.C.R. section 3574).

4. **Multiple alleged misrepresentations.** The Fraud cause of action alone identifies five distinct categories of misrepresentation made over a five-year period (2021–2026), each requiring separate factual development through discovery.

5. **Multiple defendants and decision-makers.** HOPE is a corporate defendant that has acted through multiple clinicians, supervisors, and managing agents (including but not limited to Defendant Palacios, Pamela Akins, Dr. Cristina Loree, the clinician identified as "Bernadette," Janelle Aldana, Shannon Smith, and additional unnamed staff). Each of these individuals had a distinct role in the events alleged.

6. **Records gap and Aldana confirmation.** On May 4, 2026, HOPE staff member Janelle Aldana confirmed by telephone the existence in HOPE's records of a Treatment Completion Plan dated October 18, 2023, authored by clinician "Bernadette," that has never been reviewed with Plaintiff. Aldana further confirmed receipt of Plaintiff's prior written request for the document and stated she would forward Plaintiff's email to her superiors. The existence and chain of custody of that document — and of any Mason-protocol progress reviews — must be established through discovery.

7. **No less burdensome alternatives.** I have considered narrower formulations and have determined that fewer than the number of interrogatories propounded would not adequately develop the factual record required to prosecute the seven causes of action and to oppose any motion for summary judgment. Each interrogatory propounded is targeted to a specific, identifiable element of one or more causes of action.

8. **No prior discovery on these issues.** Plaintiff has not previously propounded any discovery on Defendant HOPE PSYCHOTHERAPY, INC. in this action. The interrogatories in

Set One do not duplicate any prior discovery.

9. **In pro per status does not justify limiting discovery.** Plaintiff is appearing in pro per and bears the burden of developing the factual record himself. The complexity and quantity of issues, the number of distinct misrepresentations alleged, and the multiplicity of decision-makers within Defendant's organization make the number of interrogatories propounded reasonable and necessary.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on May 4, 2026,

at Stockton, California.
