We are unable to merge the two name into one account since the case has to reflect what is listed on the complaint. On each complaint, the name is different. If you wish to change the names on the cases, you may submit a request to the court to do so. After that is ruled on and changed on the docket, then you may ask for these cases to be merged into one e-filing account. If you have further questions, you may reach out to the docket clerk for you case.
