Good afternoon,

I am reviewing your submitted complaint and attachments and had a few additional questions. One of the allegations is that Hope program did not provide you a pathway to treatment completion and that you were unaware of any criteria about treatment and phase progression. Did you create, review, and sign a treatment plan with your clinician? Have you discussed and reviewed your treatment progress throughout your time at Hope?

Your responses to this email will be included with the documents you have already submitted to CASOMB.

Thank you in advance,

Kirsten Mason, PsyD

CASOMB Coordinator
