Subject: Roberto Sandoval - mitigation and rehabilitation
To: <crystal.maving@albertsons.com>
Cc: <Compliance@asurint.com>

Ms. Maving, I received an email from asurint informing me that my employment would be terminated due to my background check, but giving me five business days to respond with mitigating and rehabilitative evidence so that you could consider keeping me as an employee. Attached please find 3 character letters from former coworkers and a letter from my former therapist, all of which I used at my sentencing hearing. Also attached is a certificate for having completed the residential portion of a drug and alcohol rehabilitation program. I would also like to let you know that I worked as a high school teacher for 15 years at the Sweetwater union high school district without any incidents of misconduct. Feel free to reach out to my former employer if you would like to verify this at 619-691-5500.

Please reply to confirm receipt of this email.

Thank you for your consideration.

Roberto Sandoval

To Whom It May Concern,

My name is Roberto Chaidez and I am the lead teacher at Chula Vista Learning Center. I worked with Roberto Sandoval for six months in the capacity of the lead teacher for our center. In our environment we had a total of 3 teachers, one aide, one counselor and one registrar. We all worked in very close quarters. We had one building and all classes were in the open. Not once, in all the six months I knew Mr. Sandoval, did I have a student complain about Mr. Sandoval. The students responded well and they never had any incidents with Mr. Sandoval. At work he carried himself professionally and I as a lead teacher never saw anything that would suggest otherwise. If you have any questions you can contact me at: Roberto.chaidez@sweetwaterschools.org.

Sincerely,

Roberto Chaidez

Chula Vista Learning Center Lead Teacher

To whom it may concern

Roberto and I shared a room at Chula Vista High School in 2003 and worked together until 2005. Although I had been teaching a few years longer than Roberto, I found Roberto to be a conscientious teacher and he taught me new techniques and tools I still use today.

Roberto was always patient and courteous with his students and never inappropriate in discipline or contact.

I found Roberto to be an asset to our educational facility Please feel free to contact me via e-mail at dale.griepenstroh@sweetwaterschools.org or call me at 619-518-2200 if you have further questions regarding Roberto Sandoval.

Sincerely

Dale Griepenstroh
History Teacher

The Sweetwater Union High School District will provide equal access to, and opportunity for, participation in high quality curricular and extra curricular activities for all students.

Brian White, Esq.

4320 Iowa Street

San Diego, CA 92104

Mr. White:

At your request the following is written to provide my opinion on the 'receptivity' to treatment evidenced by your client and my patient, Mr. Roberto Sandoval, a man with whom I have worked in sexual offense-specific treatment over the course of approximately the last 16 months.

I am a forensic psychologist licensed by the State of California to practice psychology. I own a private practice outpatient clinic in San Diego, and treat approximately 200 criminal offenders weekly. Twelve years ago I was awarded the private bid contract to treat the highest risk sexual offenders in San Diego County, those men released to the community after stay in prison hospital attendant to California Welfare and Institutions Code Sexually Violent Predator Statutes. I continue to work with these offenders. In 2014 I was awarded the contract to treat adult males investigated for or charged with crimes of child pornography possession, by United States Federal Probation. In the same year, San Diego County of Probation awarded me the contract to evaluate adult male offenders released from prison to county probation, attendant to California Assembly Bill 109. I have completed thousands of psychological evaluations on criminal offenders, have offered my opinions to state and federal courts on thousands of occasions, have testified frequently in criminal court, and have published articles in peer-reviewed professional journals. Finally, I was trained in the assessment of psychopathy by Robert D. Hare, Ph.D. the world's expert in the construct, in his laboratory at University of British Columbia, in 1997.

I have found Mr. Sandoval to be an apt, thoughtful, intelligent patient. He admits to his behavior in the controlling crime, recognizes its gravity, and has demonstrated empathic concern for young girls involved in crimes of child pornography. He is neither antisocial nor psychopathic, and I believe that his sexual recidivism risk can be reduced by treatment intervention.

Thank you for your consideration. Should you desire further information please do not hesitate to contact me.

Sincerely,

James A. Reavis, Psy.D.

Your Honor,

I am writing this letter on behalf of Mr. Roberto Sandoval at his request. I am a teacher in the Learning Center at Southwest High School, and I worked directly with Mr. Sandoval as a colleague during 2008-2009 school year. Learning Center is a credit recovery program for at-risk students in the Sweetwater Union High School District. The nature of our program requires a team of teachers to work with students individually to instruct, tutor, and mentor students in a connected, multi-classroom setting.

I often observed Mr. Sandoval working one-on-one with the students on his caseload, and found him to be professional, personable, and committed to student success. Although we did not become close friends, we had a positive working relationship. This relationship continued after Mr. Sandoval transferred to the Learning Center at Montgomery High School, where he continued as a member of the Alternative Education staff in our district.

Please do not hesitate to contact me if you have any questions or need further information.

Respectfully,

Jeff Mechling
Southwest High School Learning Center
Sweetwater Union High School District

Certificate of Achievement

Presented to

ROBERTO SANDOVAL, #51931-298

For successfully completing
the residential portion of the

Dual Diagnosis Residential Drug Abuse Treatment Program
On July 15, 2022

This milestone, while significant, is not the completion of the treatment requirements. Roberto Sandoval is hereby eligible to move forward to the follow-up and/or community treatment components of RDAP.
