Plaintiff, In Pro Per

DECLARATION FOR ADDITIONAL DISCOVERY

(Code Civ. Proc., §§ 2030.040, 2030.050)

I, BRENDAN NGEHSI NEWANFORBI, declare:

1. I am the Plaintiff in this action and am appearing in pro per. I have personal knowledge of the matters stated herein and, if called as a witness, could and would competently testify thereto.

2. This Declaration is submitted pursuant to Code of Civil Procedure sections 2030.040 and 2030.050 in support of Plaintiff's Special Interrogatories, Set Two, propounded on Defendant HOPE PSYCHOTHERAPY, INC. The combined number of specially prepared interrogatories propounded by Plaintiff on Responding Party in Sets One and Two exceeds thirty-five (35). I hereby declare under oath that the additional interrogatories are warranted under Code of Civil Procedure section 2030.040(a)(2) because of the complexity or quantity of the existing and potential issues in this case, and on the additional grounds set forth below.

3. **Number and complexity of issues.** The operative First Amended Complaint pleads seven causes of action: (i) Fraud / Intentional Misrepresentation; (ii) Negligence and Negligence Per Se; (iii) Intentional Infliction of Emotional Distress; (iv) Intentional Interference with Prospective Economic Advantage; (v) Violation of the Bane Act (Civ. Code § 52.1); (vi) Declaratory Relief; and (vii) Violation of the Unfair Competition Law (Bus. & Prof. Code § 17200). Each cause of action has multiple distinct elements that must be pleaded and proved, several of which turn on facts uniquely within Responding Party's possession, including the operation of HOPE's blanket retention policy, the structure of HOPE's contractual and financial arrangements with CDCR/DAPO, the contents of HOPE's internal communications regarding the *In re Dwyer* decision and the April 17, 2025 amendments to 15 C.C.R. section 3574, and the

inputs HOPE provided to the November 2025 1502-DR Discharge Review Report concerning Plaintiff.

4. **Targeted purpose of Set Two.** The twenty-one (21) interrogatories propounded in Set Two are directed at discrete factual subjects that have either (a) emerged from Responding Party's June 15, 2026 responses to Set One discovery, including Responding Party's admission in its Response to Form Interrogatory No. 17.1 that HOPE modified its treatment-completion policies or practices in October 2024 in response to a CDCR policy change; (b) become necessary to develop the November 2025 1502-DR causation chain through identification of HOPE-to-CDCR communications between September and December 2025; (c) become necessary to define the previously-undefined "BLOCK I" and "BLOCK II" curriculum framework on which Responding Party relied at every CTM during the RELEVANT PERIOD; or (d) are needed to obtain anonymized aggregate completion and demographic data to test the operation of the blanket retention policy across the parolee population at the STOCKTON FACILITY.

5. **No less burdensome alternatives.** I have considered narrower formulations and have determined that fewer than the number of interrogatories propounded would not adequately develop the factual record required to prosecute the seven causes of action and to oppose any motion for summary judgment. Each interrogatory propounded in Set Two is targeted to a specific, identifiable subject matter and is not duplicative of any interrogatory propounded in Set One.

6. **Continuing investigation.** Plaintiff's investigation and discovery in this matter are ongoing. The interrogatories in Set Two address subjects that are within Responding Party's exclusive possession and that cannot reasonably be obtained from less expensive or less burdensome alternative sources.

7. I declare under penalty of perjury under the laws of the State of California that the

foregoing is true and correct.

Executed on June 17, 2026, at Stockton, California.
