-------Reason: You ordered a criminal-records search that requires a review of records in San Joaquin County, California. Because of a recent appellate court ruling about access to court records, the courts will no longer allow researchers access to complete date of birth on record indexes, and have also removed other personal identifying information such as driver's license numbers. The majority of requests can be processed within our normally expected ETAs, but as a result of the removal of date of birth, some requests will now require clerk assistance to process. When clerk assistance is needed, the ETAs can exceed 30 days.
