DECLARATION FOR ADDITIONAL DISCOVERY

(Code Civ. Proc., §§ 2030.040, 2030.050)

I, BRENDAN NGEHSI NEWANFORBI, declare:

1. I am the Plaintiff in this action and am appearing in pro per. I have personal knowledge of the matters stated herein and, if called as a witness, could and would competently testify thereto.

2. This Declaration is submitted pursuant to Code of Civil Procedure sections 2030.040 and 2030.050 in support of Plaintiff's Special Interrogatories, Set Two, propounded on Defendant KATIE PALACIOS. The combined number of specially prepared interrogatories propounded by Plaintiff on Responding Party in Sets One and Two exceeds thirty-five (35). I hereby declare under oath that the additional interrogatories are warranted under Code of Civil Procedure section 2030.040(a)(2) because of the complexity or quantity of the existing and potential issues in this case, and on the additional grounds set forth below.

3. **Number and complexity of issues.** The operative First Amended Complaint pleads seven causes of action: (i) Fraud / Intentional Misrepresentation; (ii) Negligence and Negligence Per Se; (iii) Intentional Infliction of Emotional Distress; (iv) Intentional Interference with Prospective Economic Advantage; (v) Violation of the Bane Act (Civ. Code § 52.1); (vi) Declaratory Relief; and (vii) Violation of the Unfair Competition Law (Bus. & Prof. Code § 17200). Each cause of action has multiple distinct elements that must be pleaded and proved, several of which turn on facts uniquely within Responding Party's personal knowledge, including the substance of her communications with CDCR/DAPO parole agents concerning PLAINTIFF, her personal review (if any) of PLAINTIFF's homework, her supervisory direction of BERNADETTE, her preparation for the August 2025 Containment Team Meeting, her awareness

of PLAINTIFF's protected complaints prior to that meeting, and the components of her compensation.

4. **Targeted purpose of Set Two.** The twenty-two (22) interrogatories propounded in Set Two are directed at discrete factual subjects that have either (a) emerged from Responding Party's June 8 and June 15, 2026 responses to Set One discovery; (b) become necessary to develop the November 2025 1502-DR causation chain through identification of Responding Party's specific communications with CDCR Parole Agents Long Moua, Gary Noguchi, Derrick, Magana, Arestad, Acierto, and Urrea; (c) become necessary to test Responding Party's denials in her First Set responses concerning her personal review of PLAINTIFF's homework and her knowledge of PLAINTIFF's CDL employment; or (d) become necessary to develop the retaliation timeline surrounding the August 2025 CTM and the financial-incentive scienter element of the fraud and Bane Act causes of action.

5. **No less burdensome alternatives.** I have considered narrower formulations and have determined that fewer than the number of interrogatories propounded would not adequately develop the factual record required to prosecute the seven causes of action and to oppose any motion for summary judgment. Each interrogatory propounded in Set Two is targeted to a specific, identifiable subject matter and is not duplicative of any interrogatory propounded in Set One.

6. **Continuing investigation.** Plaintiff's investigation and discovery in this matter are ongoing. The interrogatories in Set Two address subjects that are within Responding Party's personal knowledge and that cannot reasonably be obtained from less expensive or less burdensome alternative sources.

7. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
