BRENDAN NGWA NFORBI
Plaintiff, In Propria Persona
1455 Cat Tail Drive
Stockton, California 95204

UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF CALIFORNIA

BRENDAN NGWA NFORBI, Plaintiff, v. **UBER TECHNOLOGIES, INC., a Delaware corporation; TASKUS HOLDINGS, INC., a Delaware corporation; and DOES 1 through 20, inclusive,** Defendants.	Case No. _____ **COMPLAINT FOR DAMAGES** (1) Fair Credit Reporting Act, 15 U.S.C. section 1681b(b)(3)(A); (2) Penal Code section 290.46(j)(2)(E), (j)(4)(A); (3) ICRAA, Civ. Code sections 1786.40, 1786.50; (4) UCL, Bus. & Prof. Code section 17200 **DEMAND FOR JURY TRIAL**

Plaintiff BRENDAN NGWA NFORBI, appearing in propria persona, alleges:

I. NATURE OF THE ACTION

1. This action arises from Defendants' employment use of Plaintiff's California sex offender registry information, and from their taking and completing adverse employment action on an accepted Uber AV Teammate assignment without first providing the Fair Credit Reporting Act's required copy of the consumer report and written Summary of Rights.

2. On September 14, 2026, TaskUs, LLC offered Plaintiff temporary employment as a Teammate on the campaign titled **Uber AV Teammate (SJ: 09/23/2026)** at $22.00 per hour,

production hours 2PM-11PM, anticipated start September 23, 2026. Plaintiff accepted the same day.

3. The same day, First Advantage Background Services Corp. ("First Advantage") opened Profile Advantage Order **WPS-361214148** for employment screening on that hire.

4. At 11:24 a.m. on September 14, 2026 -- while Order WPS-361214148 was still open and its national sex-offender component (PRINSOS) was still In Progress -- TaskUs Talent Acquisition Operations placed Plaintiff's accepted start on a "standard administrative hold while final onboarding reviews are completed, **including the processing of your background screening report.**" That writing identified the background screening report -- not a drug test, not an MVR, and not a generic onboarding checklist -- as a basis for freezing the start.

5. On September 15, 2026, First Advantage issued a consumer disclosure stating it was reporting public-record information concerning Plaintiff to **TASKUS HOLDINGS INC USA**. The enclosed national sex offender registry component of Order WPS-361214148 states, verbatim:

SOURCE OF RECORD: CALIFORNIA SEX OFFENDER REGISTRY. SENTENCE: REGISTERED SEX OFFENDER

6. After that report was furnished, Defendants did not restore the September 23 start. They did not provide Plaintiff a copy of the consumer report and a written Summary of Rights *before* maintaining the hold and withholding the assignment. They did not issue a Fair Chance restoration or an individualized assessment stating that California-registry information was disregarded. The accepted Uber AV Teammate assignment was withheld and effectively rescinded.

7. Uber Technologies, Inc. is named because the only assignment offered was Uber's branded AV Teammate campaign and because -- on information and belief grounded in the campaign documents alleged below -- Uber set, specified, or approved the First Advantage search criteria / screening package used for that campaign, including the national sex-offender components that returned California-registry SOURCE OF RECORD information. TaskUs Holdings, Inc. is named because First Advantage furnished Order WPS-361214148 to **TASKUS HOLDINGS INC USA** and because TaskUs Holdings is the active staffing affiliate that received and used that report. Uber is pleaded as end client and joint employer.

8. A separate saliva drug-test schedule (Schedule ID 96558696) was ordered the same day as the offer. That product is not the consumer report. The September 14 hold named the **background screening report**, not the saliva test. A saliva-confirmation failure occurred on September 16 -- two days *after* the hold and one day *after* First Advantage furnished the California-registry-sourced report. The chronology confirms that the September 14 hold was not based on a saliva miss.

9. First Advantage is the CRA that generated Order WPS-361214148. It is not named as a defendant in this Complaint. Plaintiff reserves all claims against First Advantage arising from its furnishing of California-registry-sourced employment reports.

II. JURISDICTION AND VENUE

10. This Court has federal-question jurisdiction under 28 U.S.C. § 1331 because Count One arises under the Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq.

11. This Court has supplemental jurisdiction under 28 U.S.C. § 1367(a) over Counts Two through Four because they arise from the same case or controversy: the same offer, the same screening order, the same hold, the same report, and the same withheld start.

12. Plaintiff has Article III standing. He alleges a concrete economic injury -- the loss of the accepted Uber AV Teammate assignment at the documented $22.00 hourly rate (production hours 2PM-11PM) and the associated $1,000 retention-bonus opportunity -- fairly traceable to the report-based employment actions alleged and redressable by damages. The injury is not a bare procedural violation. He sues as a prospective employee adversely affected by an employment decision within the meaning of 15 U.S.C. § 1681a(k)(1)(B)(ii).

13. Venue is proper in this District under 28 U.S.C. § 1391(b)(1) and (b)(2). A substantial part of the events giving rise to the claims occurred here: the offered assignment was **USA - San Jose - San Jose (Delivery)**; the WorkDay campaign was **Uber AV Teammate (SJ: 09/23/2026)**; orientation was scheduled at 1631 N 1st Street, Suite 200, San Jose; production was identified at 3030 Corvin Drive, Santa Clara; and the employment Defendants sought to place Plaintiff into Northern District operations. Uber is headquartered in San Francisco and resides in this District.

14. Intra-district assignment. Under Civil Local Rule 3-2(c) and (e), the action arises in Santa Clara County. Plaintiff states those venue facts so the Clerk may assign the action accordingly. Plaintiff does not print a division line in the caption.

III. PARTIES

15. Plaintiff Brendan Ngwa Nforbi is a natural person and California resident. He is a person as to whom information is disclosed through California's Megan's Law internet website operated under Penal Code § 290.46.

16. Defendant Uber Technologies, Inc. ("Uber") is a Delaware corporation that does business in this District, including autonomous-vehicle and delivery operations in Santa Clara

County. Uber is the end client and joint employer on the WorkDay campaign titled **Uber AV Teammate (SJ: 09/23/2026)**, requisition **R_2608_10812**, candidate **C261051599**. "Uber AV" is a campaign title, not a separate legal entity named as a defendant.

17. Defendant TaskUs Holdings, Inc. ("TaskUs Holdings") is a Delaware corporation registered in California (Entity No. 3828721), with California registered agent C T Corporation System. First Advantage's September 15, 2026 consumer disclosure identifies the report recipient as **TASKUS HOLDINGS INC USA**, Client Account Number **417722USA**, at 1650 Independence Drive, Ste 100, New Braunfels, Texas -- the same street address on the offer letter. TaskUs Holdings is the named employer on the First Advantage saliva-drug-test order and the Adobe Sign / NDA counterparty on the onboarding packet.

18. The September 14 Offer of Temporary Employment was issued in the name of TaskUs, LLC. California Secretary of State records reflect that TaskUs, LLC (Entity No. 200826810086) has status Converted Out. Plaintiff's United States Background Consent Form authorized release of screening information to TaskUs USA LLC, an active Delaware limited liability company registered in California (Entity No. 201729810166). Those names identify the offer-letter employer and the consent recipient. They are not separately captioned. On information and belief, TaskUs Holdings and its affiliates operated as a single staffing enterprise for this Uber AV Teammate placement; TaskUs Holdings received the California-registry-sourced report and is sued for that use and the related employment hold.

19. Plaintiff is ignorant of the true names of DOES 1 through 20 and will amend when ascertained. DOES include TaskUs, LLC; TaskUs USA, LLC; TaskUs, Inc.; any other TaskUs affiliate that adjudicated or used the report or issued the hold; any Uber operating affiliate that directed the AV Teammate placement or screening; and any person who received, accessed, or used the California-registry-sourced information for an employment purpose on this hire.

20. At all relevant times, each Defendant was the agent, employee, joint employer, joint venturer, and/or alter ego of the others with respect to the Uber AV Teammate placement and screening, and acted within the course and scope of that relationship. TaskUs Holdings and its affiliates recruited, offered, and screened Plaintiff for placement onto Uber's campaign. Uber received the benefit of that staffing arrangement. On information and belief grounded in the facts alleged in Sections IV through X, Uber set, specified, or approved the First Advantage background-search criteria and package used for Uber AV Teammate placements -- including the national sex-offender / PRINSOS / NSOR components that returned California-registry SOURCE OF RECORD information -- and controlled or shared control over the campaign requisition, start authorization, and use of those screening results.

IV. THE UBER AV TEAMMATE OFFER

21. On September 14, 2026, at approximately 6:50 a.m., WorkDay emailed Plaintiff from taskus@myworkday.com: "Congratulations! We are pleased to make you an offer for the **Uber AV Teammate (SJ: 09/23/2026)** position."

22. The same day, TaskUs, LLC issued a written Offer of Temporary Employment stating, among other things:

- hiring employer: TaskUs, LLC;
- position: Teammate;
- base pay: $22.00 per hour, non-exempt;
- location: **USA - San Jose - San Jose (Delivery)**;

- production hours: **2PM - 11PM**;

- anticipated assignment: September 23, 2026 through on or around December 4, 2026;

- retention bonus: $1,000 if still employed in good standing on December 4, 2026;

- employment at-will and contingent on job-related background screening and a Fair Chance Act process for conviction history;

- screening usually takes two weeks and **employment may begin while screening is pending**.

23. Plaintiff accepted the offer the same day. The Adobe Acrobat Sign signature request for that offer packet was sent by **John Malones** (john.malones@taskus.com) on September 14, 2026, at approximately 6:55 a.m. Plaintiff completed the Adobe Sign packet the same morning (completion notice Reply-To: John Malones / TaskUs Holdings Inc) at approximately 8:21 a.m. PDT and signed the United States Background Consent Form, the TaskUs Holdings, Inc. non-disclosure / invention-assignment agreement, and related onboarding documents.

24. DLSE Form 2810.5 identified TaskUs, LLC as the hiring employer. It did not list Uber as the entity for whom the work would be performed. That wage-notice fact does not negate Uber's end-client and joint-employer role on the Uber-branded campaign as alleged herein.

25. The only assignment offered was the Uber AV Teammate campaign. Without Uber's campaign, there was no Teammate placement for Plaintiff to accept.

26. At approximately 6:51 a.m. the same day, TA Ops US emailed Plaintiff "Action

Required Today" onboarding tasks that separately listed Workday, Adobe Sign, I-9, the First Advantage background check, and the drug test -- treating the consumer-report screen and the saliva product as distinct items.

V. FIRST ADVANTAGE ORDER WPS-361214148

27. On September 14, 2026, at approximately 6:50 a.m., First Advantage emailed Plaintiff from do_not_reply@fadv.com inviting him to start a Profile Advantage background check (invite key GK5HGWELSS).

28. The same day, Profile Advantage opened Order **WPS-361214148** (portal candidate name Brendan Ngwanforbi).

29. As of approximately 10:20 a.m. PDT on September 14, 2026, the portal showed:

- Completed: MVR; Federal Felony And Misdemeanor; PRICPGS; FADV National Criminal File; Social Security Verification;

- In Progress: Felony Including Misdemeanor; **PRINSOS** (First Advantage's national sex-offender search).

30. The portal stated the report was not viewable until the order completed. A component marked Completed is not itself a result and is not a registry hit. As of the 10:20 a.m. snapshot -- about one hour before the hold email -- the sex-offender component had not finished.

31. Order WPS-361214148 was a "consumer report" within the meaning of 15 U.S.C. § 1681a(d): a written communication by First Advantage, a consumer reporting agency, bearing

on Plaintiff's character, general reputation, and mode of living -- including the national sex-offender registry component -- that was furnished and used for employment purposes.

VI. THE SEPTEMBER 14 ADMINISTRATIVE HOLD

32. On September 14, 2026, at 11:24 a.m., TA Ops US (taops.us@taskus.com), copying **Liz Ramirez** (liz.ramirez02@taskus.com), emailed Plaintiff "Important Update Regarding Your Application with TaskUs."

33. The email stated that TaskUs had placed Plaintiff's start date on a "standard administrative hold while final onboarding reviews are completed, **including the processing of your background screening report**," that the scheduled start must be adjusted pending completion of that process, that Plaintiff should monitor First Advantage (Customer Support 800-888-5773), and that the application "remains in a pending status."

34. That email is in Plaintiff's possession and will be produced as appropriate. It is not a First Advantage pre-adverse notice. It did not enclose a copy of a consumer report. It did not enclose a written Summary of Rights. It did not come from DoNotReply@fadv.com.

35. The September 14 email is TaskUs's contemporaneous statement that the **First Advantage background screening report** was a reason the accepted September 23 Uber AV Teammate start was frozen.

36. The hold issued approximately one hour after the portal snapshot showing PRINSOS still In Progress, and *before* First Advantage's September 15 consumer disclosure of the completed report.

37. The hold contradicted the offer's statement that employment may begin while

screening is pending.

38. Freezing an accepted start date, placing the application in pending status, and withholding the Uber AV Teammate assignment are adverse employment actions -- employment decisions adversely affecting a prospective employee within the meaning of 15 U.S.C. § 1681a(k)(1)(B)(ii) -- and purposes relating to employment within the meaning of Penal Code § 290.46(j).

VII. THE SEPTEMBER 15 CONSUMER DISCLOSURE — SOURCE PLEADED AS KNOWN FACT

39. On September 15, 2026, First Advantage issued a consumer disclosure letter to Plaintiff at his Stockton address. The letter advised that First Advantage was reporting public-record information concerning Plaintiff to:

TASKUS HOLDINGS INC USA

1650 INDEPENDENCE DR

STE 100

NEW BRAUNFELS, TX 78132-3832

40. That consumer disclosure, including the enclosed registry component, is in Plaintiff's possession and will be produced as appropriate. The cover letter stated that the results were not themselves an acceptance or rejection.

41. The enclosed national sex offender registry component of Order WPS-361214148

states, among other things:

- Record Source: **NATIONAL SEX OFFENDER REGISTRY**;

- Type of Search: NATIONAL SEX OFFENDER REGISTRY SEARCH-DEPT OF JUSTICE;

- Date of Search: 09/14/2026;

- Name on File: NGWANFORBI, BRENDAN NGEHSI;

- Sentence: **SOURCE OF RECORD: CALIFORNIA SEX OFFENDER REGISTRY. SENTENCE: REGISTERED SEX OFFENDER**.

42. Plaintiff therefore alleges as known fact -- not on information and belief -- that First Advantage furnished to TaskUs Holdings Inc USA employment-screening information expressly sourced to the California Sex Offender Registry.

43. That information is information disclosed pursuant to Penal Code § 290.46.

44. On information and belief, grounded in the September 14 hold, the September 15 consumer disclosure, the never-restored start, and the Uber AV Teammate campaign facts alleged herein, TaskUs Holdings and Uber received, accessed, considered, shared, and/or used that California-registry-sourced information for purposes relating to Plaintiff's Uber AV Teammate employment.

VIII. THE COMPLETED ADVERSE ACTION — POST-REPORT NON-RESTORATION

45. After First Advantage furnished Order WPS-361214148 to TASKUS HOLDINGS INC USA on September 15, 2026, Defendants had the consumer report that the September 14 hold had been waiting on.

46. From September 15 through the anticipated September 23 start, and thereafter, Defendants:

- maintained the administrative hold;
- did not restore the September 23 Uber AV Teammate start;
- did not issue a new start date;
- did not provide Plaintiff a copy of Order WPS-361214148 and a written Summary of Rights *before* maintaining that hold and withholding the assignment;
- did not advise Plaintiff under Civil Code § 1786.40, at the time of the employment denial or withholding, that an investigative consumer report had been obtained and supply First Advantage's name and address as the required contemporaneous advice; and
- did not issue a Fair Chance notice or individualized assessment stating that California-registry information was disregarded.

47. The completed adverse employment action alleged in this Complaint is therefore the post-furnishing withholding and effective rescission of the accepted assignment. The September

14 hold is the employer's own writing that the background report controlled the start. The September 15 disclosure is the report that then arrived, expressly sourced to the California Sex Offender Registry.

48. Defendants never told Plaintiff that the hold had been lifted for a reason independent of Order WPS-361214148.

IX. THE SALIVA PRODUCT IS SEPARATE AND LATER

49. On September 14, 2026, at approximately 8:49 a.m., First Advantage separately ordered a Saliva Drug Test Full Service NonDOT for employer TaskUs Holdings, Inc. (Schedule ID **96558696**; LabCorp-Milpitas).

50. Page 9 of the offer packet is a California medical-release for that drug/alcohol product "as facilitated by First Advantage and/or its network of authorized laboratories." That authorization is not a consumer-report disclosure and is not Order WPS-361214148.

51. On September 16, 2026, at approximately 9:57 a.m., First Advantage sent a Reminder for Schedule ID 96558696 (cc taops-bgvglobal@taskus.com). At approximately 3:05 p.m. the same day, First Advantage sent an "Action Required" email stating that Plaintiff's saliva schedule confirmation could not be successfully completed. The schedule expired September 17, 2026, 11:49 a.m. Eastern, without collection.

52. Plaintiff does not collapse the saliva product into the consumer report.

53. The September 14 hold:

- issued on September 14 at 11:24 a.m., before any saliva confirmation failure;

- expressly named the **background screening report**;

- did not name the saliva test; and

- remained operative after First Advantage furnished the California-registry-sourced report on September 15 -- still one day before the saliva-confirmation failure.

54. A later saliva-confirmation issue cannot, at the pleading stage, erase the employer's own September 14 writing or the September 15 California-registry-sourced report. Plaintiff alleges that the California-registry-sourced information in Order WPS-361214148 was a substantial factor in Defendants' freezing and withholding of the accepted Uber AV Teammate assignment.

X. UBER AS END CLIENT / JOINT EMPLOYER

55. Every candidate-facing WorkDay communication that announced the offer identified the position as **Uber AV Teammate**, not a generic TaskUs role.

56. The requisition identifier is R_2608_10812 / C261051599 -- Uber AV Teammate (SJ: 09/23/2026).

57. The anticipated work was San Jose delivery on Uber's AV campaign. The offer packet supplied orientation at 1631 N 1st Street, Suite 200, San Jose, a production depot at 3030 Corvin Drive, Santa Clara, and closed-course training in Sonoma -- locations of the work to be performed for Uber's campaign, not generic TaskUs office work.

58. TaskUs Holdings and its affiliates functioned as the staffing / payroll / offer-letter

employer enterprise. Uber functioned as the end client whose branded campaign created the temporary need for Teammates and whose Northern District operations would receive Plaintiff's labor.

59. On information and belief, grounded in the offer packet, the WorkDay campaign title and requisition, the September 14 hold, and the September 15 consumer disclosure:

- Uber directed or approved the Uber AV Teammate requisition, headcount, San Jose location, and September 23, 2026 start cohort;

- Uber set, specified, or approved the First Advantage search criteria and screening package TaskUs ordered for Uber AV Teammate placements -- including the national sex-offender / PRINSOS / NSOR search components that returned the California Sex Offender Registry SOURCE OF RECORD line on Order WPS-361214148;

- TaskUs ran that package as the staffing vendor for Uber's campaign;

- Uber received, was entitled to receive, or caused TaskUs to obtain and use First Advantage screening results -- including the California-registry-sourced component -- before authorizing Plaintiff's start on Uber's campaign;

- TaskUs's September 14 hold pending the background report, and the post-September 15 non-restoration, were taken in the course of staffing Uber's campaign and for Uber's benefit; and

- Uber and TaskUs Holdings are joint employers and/or agents of one another with respect to the hiring decision on this placement.

60. Uber's campaign created the only job offered. The First Advantage package run for that campaign returned California-registry SOURCE OF RECORD information. TaskUs froze the start pending that report and never restored it after the report arrived.

61. Penal Code § 290.46(j)(2)(E) prohibits use of § 290.46-disclosed information "for purposes relating to employment." Using that information to freeze or deny placement onto Uber's AV Teammate campaign is such a purpose, whether the offer letter is on TaskUs letterhead or Uber's.

62. The Form 2810.5's naming of TaskUs, LLC is a wage-notice fact. It does not preclude Uber's liability under Penal Code § 290.46(j) or the FCRA as end client and joint employer on the Uber AV Teammate campaign.

XI. NO STATUTORY AUTHORIZATION; NO PRE-ADVERSE PACKET BEFORE THE COMPLETED ADVERSE ACTION

63. The use alleged was not "to protect a person at risk" within the meaning of Penal Code § 290.46(j)(1). Plaintiff is unaware of any other provision of law authorizing Defendants to use information disclosed pursuant to Penal Code § 290.46 for this Teammate / Uber AV delivery assignment.

64. Before taking and completing adverse action based in whole or in part on Order WPS-361214148 -- specifically, before maintaining the hold and withholding the assignment after that report was furnished -- Defendants did not provide Plaintiff a copy of the First Advantage consumer report and a written Summary of Rights as required by 15 U.S.C. § 1681b(b)(3)(A).

65. Defendants did not, at the time of the employment denial or withholding, advise

Plaintiff under Civil Code § 1786.40 that an investigative consumer report had been obtained and supply First Advantage's name and address.

66. The offer referenced a Fair Chance Act process for conviction history. Defendants did not provide Plaintiff a Fair Chance notice restoring the start or an individualized assessment stating that California-registry information was disregarded.

XII. DAMAGES

67. Plaintiff lost an accepted temporary assignment at $22.00 per hour, production hours 2PM-11PM, from September 23, 2026 through on or around December 4, 2026, and lost the opportunity to earn the $1,000 retention bonus if still employed in good standing on December 4.

68. Those offer terms supply a concrete, non-speculative damages floor. The precise hour count and any overtime will be proved according to the assignment schedule and proof at trial.

69. Plaintiff also seeks statutory remedies authorized by the FCRA, Penal Code § 290.46(j)(4)(A), and ICRAA, without double recovery.

XIII. COUNT ONE

Fair Credit Reporting Act — 15 U.S.C. § 1681b(b)(3)(A)

Against All Defendants

70. Plaintiff realleges paragraphs 1 through 69.

71. Plaintiff was a consumer. Order WPS-361214148 was a consumer report under 15 U.S.C. § 1681a(d) as alleged in paragraph 31. Defendants procured or caused that consumer report to be procured for employment purposes, and were persons using the report, within the meaning of the FCRA.

72. Section 1681b(b)(3)(A) provides that, in using a consumer report for employment purposes, before taking any adverse action based in whole or in part on the report, the person intending to take such adverse action shall provide the consumer (i) a copy of the report and (ii) a written description of FCRA rights.

73. After First Advantage furnished Order WPS-361214148 to TASKUS HOLDINGS INC USA on September 15, 2026, Defendants used that report for employment purposes by maintaining the September 14 hold, refusing to restore the September 23 start, and withholding or rescinding the accepted Uber AV Teammate assignment.

74. Those post-furnishing acts were adverse actions based in whole or in part on the consumer report -- employment decisions adversely affecting a prospective employee within the meaning of 15 U.S.C. § 1681a(k)(1)(B)(ii).

75. Defendants did not provide Plaintiff a copy of that report and the written Summary of Rights before taking those post-furnishing adverse actions.

76. Defendants thereby violated § 1681b(b)(3)(A).

77. The September 14 hold is alleged as the employer's contemporaneous statement that the background report would control the start, and as part of a continuous adverse-action sequence that matured when the report arrived. Plaintiff does not rest Count One solely on an

action taken before any report existed.

78. The count is timely. The completed adverse action occurred on and after September 15, 2026.

79. Noncompliance was at least negligent under 15 U.S.C. § 1681o. On proof, it was willful under 15 U.S.C. § 1681n: Defendants are sophisticated users of employment consumer reports; TaskUs operates high-volume background screening as a standard part of its staffing business; the offer packet invoked Fair Chance Act process; First Advantage's own September 15 package identified the document as a consumer disclosure of public-record information being reported to TASKUS HOLDINGS INC USA; and Defendants nonetheless completed the withholding without the required pre-adverse copy and Summary of Rights.

80. Plaintiff seeks relief authorized by 15 U.S.C. §§ 1681n and 1681o according to proof, including actual damages, statutory damages if willfulness is proved, costs, and fees as authorized.

XIV. COUNT TWO

Unauthorized Employment Use of Information Disclosed Pursuant to Penal Code § 290.46

Penal Code § 290.46(j)(2)(E), (j)(4)(A)

Against All Defendants

81. Plaintiff realleges paragraphs 1 through 69.

82. Plaintiff is a person as to whom information is disclosed through California's

Megan's Law internet website.

83. Section 290.46(j)(2)(E) prohibits use of information disclosed pursuant to § 290.46 for purposes relating to employment, except as authorized under § 290.46(j)(1) or any other provision of law.

84. First Advantage furnished to TaskUs Holdings Inc USA, on Order WPS-361214148, information concerning Plaintiff whose sex-offender component expressly states SOURCE OF RECORD: CALIFORNIA SEX OFFENDER REGISTRY.

85. That information is information disclosed pursuant to Penal Code § 290.46. Plaintiff does not ask the Court to infer the source. The Sentence field states it.

86. After that report was furnished, Defendants used that information for purposes relating to employment, including by maintaining the administrative hold pending the background screening report, refusing to restore the September 23 Uber AV Teammate start, and withholding or rescinding Plaintiff's accepted assignment.

87. The California-registry-sourced information was a substantial factor in those employment actions. The September 14 hold named the background screening report as a basis for freezing the start. The report that then arrived contained the California-registry SOURCE OF RECORD line. The start was never restored.

88. Uber used, caused the use of, or is jointly liable for the use of that information for purposes relating to employment on its Uber AV Teammate campaign, as end client and joint employer -- including by setting or approving the search criteria that caused the California-registry-sourced component to be ordered and by receiving the benefit of TaskUs's hold and non-restoration pending that report.

89. The use was not to protect a person at risk under § 290.46(j)(1), and Plaintiff is unaware of any other law authorizing use of § 290.46-disclosed information for this assignment.

90. The use occurred on and after September 15, 2026. This action is timely.

91. Defendants thereby violated Penal Code § 290.46(j)(2)(E).

92. Plaintiff seeks the remedies authorized by § 290.46(j)(4)(A): actual damages, and any amount determined by the jury or the Court not exceeding three times the actual damages and not less than $250, plus attorney's fees, exemplary damages, and costs as authorized -- without duplicative recovery.

93. Plaintiff does not presently seek preventive relief under § 290.46(j)(4)(B).

94. This Count is limited to use of information disclosed pursuant to § 290.46, as shown by the SOURCE OF RECORD field on Order WPS-361214148. It is not a claim that Defendants used ordinary court-record criminal-history information.

XV. COUNT THREE

California Investigative Consumer Reporting Agencies Act

Civil Code §§ 1786.40, 1786.50

Against All Defendants

95. Plaintiff realleges paragraphs 1 through 69.

96. The First Advantage Profile Advantage employment background report (Order WPS-361214148) was an investigative consumer report under ICRAA: a consumer report bearing on Plaintiff's character, general reputation, personal characteristics, and mode of living -- including registry status -- obtained through database and public-record compilation for employment. Civil Code § 1786.2(c) defines "investigative consumer report" to reach such information "obtained through any means."

97. Civil Code § 1786.40 requires the user, when employment is denied under circumstances in which an investigative consumer report was obtained, to advise the consumer and supply the name and address of the investigative consumer reporting agency.

98. Defendants denied, withheld, or refused to proceed with Plaintiff's accepted employment under circumstances in which they had obtained the First Advantage investigative consumer report.

99. Defendants did not provide the § 1786.40 advice at the time of that employment action.

100. The § 1786.40 omission alleged here is separate from the FCRA pre-adverse omission alleged in Count One. First Advantage's later consumer disclosure to Plaintiff is not Defendants' contemporaneous § 1786.40 advice at the time they withheld the assignment.

101. Plaintiff seeks the remedies authorized by Civil Code § 1786.50 according to proof.

XVI. COUNT FOUR

Unfair Competition Law — Bus. & Prof. Code § 17200

Against All Defendants

102. Plaintiff realleges paragraphs 1 through 69.

103. Defendants' conduct was unlawful under the UCL because it violated the FCRA, Penal Code § 290.46(j)(2)(E), and/or ICRAA as alleged.

104. Plaintiff lost money or property -- the accepted wage opportunity (production hours 2PM-11PM) and retention-bonus opportunity -- as a result of that unlawful conduct.

105. Plaintiff seeks restitution of the value of the withheld assignment as authorized by the UCL, and injunctive relief restraining further employment use of § 290.46-disclosed information, without duplicative recovery. Plaintiff does not seek UCL damages.

XVII. PRAYER FOR RELIEF

WHEREFORE, Plaintiff requests:

A. Actual and compensatory damages according to proof, including the value of the accepted $22.00-per-hour assignment (production hours 2PM-11PM) for the September 23 through on or around December 4, 2026 window and the $1,000 retention-bonus opportunity; B. Relief authorized by 15 U.S.C. §§ 1681n and 1681o; C. Relief authorized by Penal Code § 290.46(j)(4)(A); D. Relief authorized by Civil Code § 1786.50; E. Restitution and injunctive

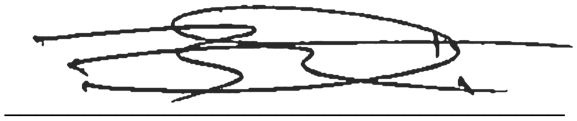

relief under Bus. & Prof. Code § 17200; F. Exemplary damages according to proof where authorized; G. Taxable costs and attorney's fees where authorized by statute or rule; H. Prejudgment and postjudgment interest as allowed by law; and I. Such other nonduplicative relief as the Court deems proper.

XVIII. JURY DEMAND

Plaintiff demands trial by jury on all issues so triable.

Dated: September 24, 2026

Respectfully submitted,

BRENDAN NGWA NFORBI

Plaintiff, In Propria Persona
