Brendan,

TaskUs requests that you begin this simple process to initiate, complete and receive your own background screening report in an easy to use application called Profile Advantage, powered by First Advantage. It's mobile-friendly, so you can start right now and be done in just a few minutes. We recommend using Chrome, Firefox or Safari for the most optimal experience, though any browser should work fine. There is a limited time to complete the screening, so be sure to start today.
